

Strangers and Safer Strangers

We shouldn't talk to or follow people who we do not know. We must not go with them to look at something or take something from them if they offer it, such as sweets or toys. We must not tell strangers on the Internet things about ourselves either.

However, there are some safer strangers. These might be people we do not know but who work to help others. It could be someone new working at your school or it could be someone in the emergency services.

Choose a safe stranger to draw and write a sentence about why this person is safe to talk to.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).
