Rock steady

1.1 can write a dual narrative.

With a Paradise Island as home and trees howling with calmness and life had no problems. It felt like they had peace and love and nothing lurking in it just a calm beautiful Island with no worries just happiness.

OF The victim was chosen.

Misha

As someone a woman (called Bella) was getting ready for a little calm ride on her bright yellow canoe. She got her swimming gear on and was ready to go. She pushed her canoe and she went into the cold, clear, dark sea blue sea.

Something followed. Hungry

After a long time of paddling and she knew she was in the heart of the ocean she started getting comfy and started getting some rest.

As it started to displace and get his prey <sup>to</sup> get the prey it ceased and got ready at the bottom of the ocean.

As the woman was still <sup>unaware</sup> of what was still lurking in the shadows of the sea she started to feel weird like something was watching watching her. Now she <sup>is</sup> aware of what might happen to her.

With anger, blood trickling down the shark's <sup>beast's</sup> mouth the shark now has the target.  
beast

With the blood showing up at the top of the sea the woman (Bella) <sup>Misha</sup> was so interested of <sup>what</sup> the creature.

Monday 3rd October

To identify ways I can use my God give gifts and talents to, serve others.

Dear God,

Thankyou for my talent of singing and swimming  
sp I am very grateful for my talent, friends and family. I am very happy to share my talents with others that need help, showing other talents to others people. I'm happy that I can use my talents to help people in need that need good and money.

I'm sorry when I don't use my talents to help other people who need it. I feel bad because I don't use your talent that you gave me to show other people. Let me give courage to the people that loves us and be us sage.

Please help my grandma get better from the battle of cancer and give her strength to stay alive but if she dose die keep her sage in heaven.

and, You are wonderfull for everything and thank you for my gift and family - you are amazing.

Amen.

A beautiful prayer

Thursday 13th July 2023

I can write a letter to welcome and encourage others.

C: Paul's letters to early Church.

Dear all new students,

Welcome to our school  
school called Saint Thomas more where  
we use our values to learn and grow  
as God's holy people and to show kindness  
and respect to all new kids and teachers  
We have so much fun here at Saint Thom  
More school because we play together  
with kindness and love. Our school rules to  
keep us safe our to be respectful to child  
be kind to all teachers, we also show love  
love to our class. But if you feel scared  
you know if you do have a sibling you <sup>are</sup> nice  
and <sup>and safe with respect</sup> safe and while you are being safe  
and having fun. You also have to be good because  
some of your teachers can choose you to be star  
of the week which is a very good thing. I hope  
you will have a good time at this great  
school and have so much fun and to show  
kindness.

30.1.23  
Subtracting fractions

1  $3\frac{1}{5} - \frac{2}{5} = 2\frac{4}{5} \checkmark$

1 Different method:

2  $3\frac{1}{5} - \frac{2}{5} = \frac{14}{5} \checkmark$

$\frac{16}{5} - \frac{2}{5} = \frac{14}{5}$

1  $5\frac{1}{7} - \frac{2}{7} = \frac{34}{7} \checkmark$

$\frac{36}{7} - \frac{2}{7} = \frac{34}{7}$

2  $5\frac{1}{7} - 1\frac{2}{7} =$

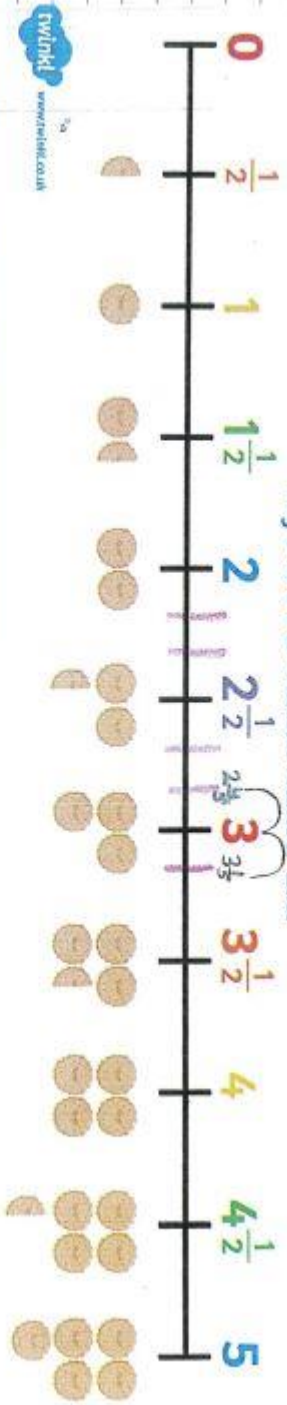

$\frac{36}{7} - \frac{9}{7} = \frac{27}{7}$

3  $5\frac{1}{7} - 4 =$

$\frac{36}{7} - \frac{4}{7} = \frac{32}{7}$

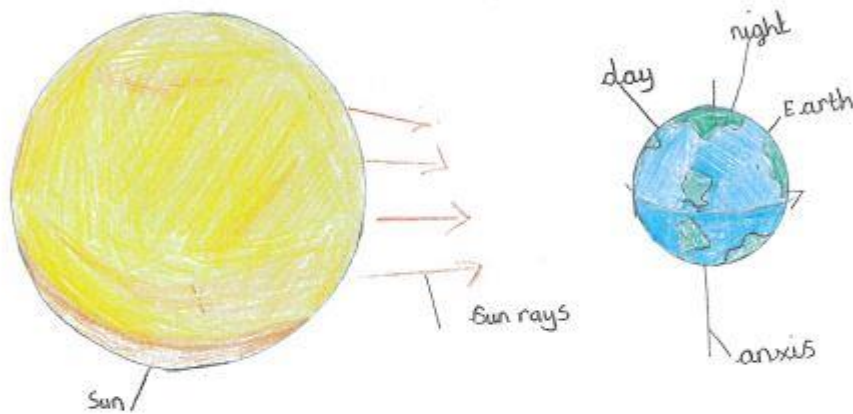

4  $5\frac{1}{7} - 1\frac{4}{7} = \frac{25}{7}$

$\frac{36}{7} - \frac{11}{7} = \frac{25}{7}$

Tuesday 18th October 2022

I can draw, label and describe how Earth's rotation gives rise to day and night.

The Earth always is in line of the sun's path and also when one side of Earth is hit with the sun light it is daytime but when Earth rotates the day time becomes nighttime and nighttime becomes daytime. While Earth orbits, it also rotates every 24 hours so each side could get day and night. Also the sun's sun rays hit Earth to get night and also day to create one time of light and night.

Wednesday 5th October 2022

✔✔✔ can explain Alfred the Great's importance as an Anglo-Saxon, whilst understanding that not all evidence is reliable

### Notes

- He had 5 brothers.
- He let the Vikings take Danelaw.
- He wrote books in Latin and then English.

### Source

Alfred the Great was the strongest man alive.

Alfred could kill many Vikings.

Alfred the Great was the very first <sup>king</sup> of Anglo-Saxon.

✔ Alfred the Great was the only one of people to have epithet 'the Great'.

He was born in Berkshire and he born on the 848 AD.

Alfred the Great died on the 26th October 889 AD.

1. Alfred was called the Great because he defended the kingdom from the Viking raid like a hero.

2. We can't trust it <sup>all</sup> because one is from the Anglo-Saxons and one is from the Vikings. The Anglo-Saxons think he is the Great but the Vikings think that his he is the a killer.

Challenge No, because he killed lots of Viking. Also he was a good propagandist.
