

# Knowledge Organiser: History

## Year 2: Toys in the Past and Now.

### How have toys changed from the past to today?

#### Vocabulary

Old	New	Past	Present	Today	Special	Change
Different	Same	Plastic	Wood	Colour	Battery	Electric

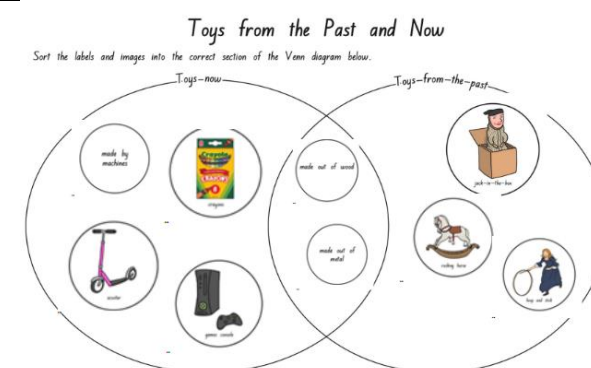

#### 'Know That' Statements

By the end of each lesson, I will know and retrieve that...

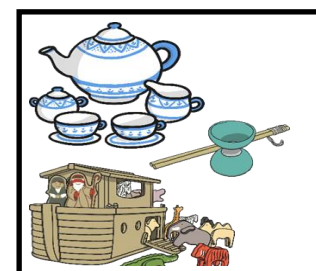

##### Lesson 1

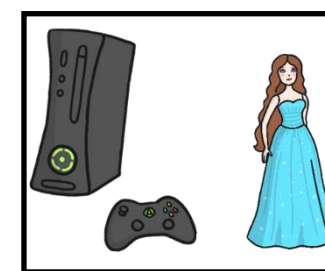

##### Lesson 2

##### Lesson 3

Wooden  
China  
Handmade

Plastic  
Battery or mains operated  
Factory made

##### Lesson 4

Toy Timeline					
1800's Toy soldier	1902 Teddy bear	1943 Slinky	1949 Lego bricks	1989 Gameboy	1994 Play Station

#### The Big Picture

##### What I should know already...

Year 1.

- I can recount events in London in my lifetime.
- I can explain similarities and differences between how the purpose of castles has changed throughout history.

##### What I will learn...

- I can describe how toys have changed between when I was a baby and today.
- I can sort toys from the past and from today using words and phrases relating to time.
- I can compare similarities and differences in toys between the past and now.
- I can sequence toys from the past and today on a simple scale.
- I can ask questions about a toy from the past.
- I can use sources and my observations to answer questions about toys in the past.

##### Links to future topics...

Year 3

- I can describe how life has changed through the ages using evidence.
- I can find similarities and differences of life in an Iron village and life today.
- I can find similarities and differences between life in Ancient Egypt and today.

##### Lesson 5

	Old toys	New toys
Materials	Wood, tin, lead, china	Plastic, foam, rubber, nylon
Technology	Clockwork	Electronic speakers, screens
Manufacture	Mostly handmade	Mass produced in factories
Safety	Some sharp edges and unsafe materials	Strict rules are in place so that toys are very safe

##### Lesson 6

Made from metal  
Made to be pushed around  
No sound

Made from plastic  
Moves using batteries  
Makes car noises
