## Sports Day

We are delighted that the rain waited long enough for us to be able to enjoy Sports Day today.

Thank you for your support in coming along to cheer on your children. The children had a great time and it was lovely to be able to celebrate our sporting fun today.

## Transition Day

Children enjoyed meeting their new teacher and finding out about what will happen in September on Wednesday this week.

## General Election

Yesterday the school took part in their own democratic process to help children understand how democracy works.

Pupils at Cardinal Newman stood as candidates for Cardinal Newman's *general election*. They created their own promises and made a video to share their pledges. Children across the Holy Cross Catholic MAC watched the videos and decided whose pledges they wanted to vote for and whether they felt that person/party had the capability of making their promises a reality.

At STM, we had our own polling station and election officers who were trained by a past counter. They checked voters 'ID', coordinated the polling and then counted the votes. We even joined in with the X trend of #DogsAtPollingStations. The count for STM was extremely close, necessitating two recounts and at STM the results were:

Conservative - 55

Labour -73

Liberal Democrats - 73

We were able to watch a livestream of the announcement of the winner at Cardinal Newman.

## End of Year Leavers' Mass

Please note the date for our end of year Leavers' Mass has changed. The Leavers' Mass will now take place at 9.15am on Friday 19th July in the church. All are welcome, though we especially invite our Y6 parents and carers as this is a time to share in our celebration and prayer for our Y6 leavers.

## Congratulations Girls' Football Team

We're thrilled to announce that our amazing girl's football team triumphed all the way to the final at the rally held at Christ the King on Monday. What an incredible achievement! They faced tough competition but reached the final against St. Anne's - a testament to their hard work, dedication, and skill on the pitch!

## Supporting Your Child as the Move to secondary School

The Local Authority are offering advice on how best to support children moving to secondary school in September

## Do you have a child who is starting secondary school in September?

The next major step your child will go through in becoming an adult is puberty and big changes are happening in their brain. Our children may become more emotional. Puberty is an important step in your child's life but may be unsettling and they will need your support.

Coventry City Council with **inourplace** offer free on-line courses that can help

- ✔ Support your child in their move to secondary school
- ✔ Understand their feelings
- ✔ Focus on your feelings as you go through life as a family
- ✔ Understand the changes in their development
- ✔ Help make the most of your relationships

Some courses that you and your pre-teen/teen may find helpful during the transition to secondary school are:

- ✔ Understanding your teenager's brain
- ✔ Understanding your child's feelings
- ✔ Understanding your child's mental health and wellbeing
- ✔ Understanding your brain (for young people only)
- ✔ Understanding your feelings (for young people only)

### Information for parents

Children's reading skills tend to dip over the summer holidays and research shows that the Summer Reading Challenge can help to prevent this trend

### Why is reading for pleasure important?

Reading for fun improves literacy

Reading for pleasure is more important to children's academic success than their parents' level of education or socio-economic status

Studies have found that those who read for pleasure have higher levels of empathy, greater self-esteem and are better able to cope with difficult situations

Volunteers with Parents in Mind are provided with our accredited training prior to starting their peer supporting journey to allow them to confidently provide this support, and it is a great opportunity to add to CVs and get back into the workplace.

# Safe Spaces

Dear Parents/Carers,

We are excited to announce a new partnership between Child Friendly Cov and West Midlands Police to launch a safe spaces initiative across the city. Our goal is to provide young people with safe and accessible spaces when they are not feeling safe.

All locations have received training from West Midlands Police and Child Friendly Cov, and are equipped with window stickers, power banks, phone chargers, and small dry foods/hygiene packs provided by Tesco, Asda, Langa Aid, and the Foodbank.

You can find a list of safe spaces on our website:  
[www.childfriendlycov.co.uk/safespaces](http://www.childfriendlycov.co.uk/safespaces).

These locations are easily identifiable by the window sticker displayed on their premises.

Thank you for your support in helping to keep our young people safe.

## Family Support

### How do we offer Family Support?

Family support is delivered through a 16 week intensive package of support. We will work with you to understand what help you need and make a plan that may include working with members of your family, friends and other professionals so that you can make positive changes.

### We have teams of Supporting Families practitioners ready to help children, young people and their families

We can help with the following situations:

- **Education** - we can help children and young people access good education that meets their needs.
- **Early years development** - we can help children have good early years development and the best start in life.
- **Mental and physical health** - we can help families be healthy and emotionally well.
- **Substance misuse** - we can help your family be safe from the impact of substance abuse.
- **Family relationships** - we can help your family to thrive and support your relationships to be positive.
- **Children and young people identified as being at risk of abuse and exploitation** - we can help ensure children and young people are safe and protected from abuse and exploitation.
- **Crime prevention and tackling crime** - we can help your family be safe and protected from the impact of crime.
- **Domestic abuse** - we can help your family be safe from the impact of domestic abuse.
- **Secure housing** - we can help you to live in secure and suitable housing.
- **Financial stability** - we can help your family be financially resilient.

To get help from the Supporting Families Team you will need to have three or more of the issues listed. We can also help you access the right help if you have one or two issues facing you now.

### How could you and your family benefit from family support?

The Supporting Families programme is designed to help your family in the difficult moments of your life. Our team of practitioners are skilled professionals and want to help your family be the best that you can be. The earlier you get help the better.

### What happens if I don't want the help?

You do not have to take the support that we are offering you, this is a voluntary programme and you can tell us at any time if you no longer want the support. We aim to help you get to a successful outcome within 16 weeks.

### How do I get support?

If you want to receive early help from the team, please speak to someone from your child's school, your health visitor, pre-school or nursery; or any service that is working with your family.

If you are not currently working with anyone, you can request help by visiting your local Family Hub or visit [www.coventry.gov.uk/earlyhelp](http://www.coventry.gov.uk/earlyhelp) or call 0800 8870545. All help is free and confidential.

### Who will help?

Your family will be allocated a Supporting Families practitioner, who will work with you to find the help and support you need and bring a team of professionals that can work with your family.

### How we will work with you

The help offered to each family depends on your needs. The Supporting Families practitioner will help each family to develop their own support plan. They will find out what matters to you and what you want to change. We will do this by gathering information about your family (an assessment) which will inform the plan. We will review this plan regularly with you. Your Supporting Families practitioner will be your single point of contact and they will co-ordinate your family plan and the team around your family.
