St. Thomas More Whole School Curriculum Long Term Plan 2026 – 27

At St. Thomas More Catholic Primary School, our mission is to Learn and Grow as God's Holy People. The Catholic Social Teachings are a golden thread woven through our school life and curriculum. They teach us how to love our neighbours and make the world a better place. Throughout this curriculum plan, you will see noted links to the different Catholic Social Teaching principles.

- Dignity of the Human Person – Every person is special because God made them. We should treat everyone with kindness and respect.
- Family and Community – Families and communities are important, and we should help each other and work together.
- Rights and Responsibilities – Everyone has rights, such as being and having food and shelter. We have responsibilities to help others and do what is right.
- Option for the Poor and Vulnerable – We should for people who are struggling or are in need. Jesus taught us to love and help the poor.
- Dignity of Workers – Everyone should have fair work and be treated well at their jobs.
- Solidarity of the Common Good – We are one big family, no matter where we live or what we look like. We are connected and we should stand together to help each other.
- Stewardship – God made the Earth as a gift to us, and we should take care of it. This means protecting nature, animals and the environment.
